Basil Hubert Ferguson

Basil Hubert Ferguson, son of Mr. and Mrs. J Shelton Ferguson, of this county, died at his home last Sunday, May 1st, from the effects of rheumatism and heart trouble, in the 16th year of his age. Funeral services were conducted by his pastor, Rev. J. H Gordon, at his home Monday evening, where a large crowd of relatives and friends gathered to pay the last tribute of respect to the bright boy whom they knew and loved so well. Basil had only been sick for about two months before the end came.

He had been a member of Hollywood Baptist church for three years and took much interest in the Sunday School. Mrs. R. S. Jenkins was his Sunday school teacher and before the end came he sent for her and thanked her for her teachings which had led him to be a christian.

He was bright until the end and talked freely to his family and those who were with him telling them that he knew the end was approaching, that while he hated to leave them, he trusted in the Lord and was ready and willing to answer the summons of his Saviour. His end was extremly beautiful as he realized death was approaching and to all his friends and loved ones good bye saying he could see heaven and the beckoning hands of loved ones gone before and Jesus calling him home. Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet it didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

CARDUI

Lumber Back to Normal.

LUMBER has reached a price-level where its value bears the true and proper proportion to the value of the products you farmers raise and sell. In other words, prices today on lumber are consistent with prices on farm products.

THERE'S NOTHING MYSTERIOUS about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

RIGHT NOW your problem may be a barn, a shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

BRING YOUR PROBLEM TO US—Let us show you the facts. We have many plans and suggestions. some of which you can probably use, and our friendly counsel and assistance won't obligate you in any way.

Comes Race's first convenient day and let's talk it over.

The Origin of Mother's Day

THE thought of a special MOTHER'S DAY originated with Miss Anna Jarvis of Philadelphia in 1908, who was requested to get up a special service for the church which she attended.

The movement grew to such an extent that on May 8th, 1914, a joint resolution was approved at Washington, calling upon the President to request the governmental officials and the people of the United States to display the U. S. Flag as a public expression of our love and reverance for the mothers of our country.

The second Sunday in May was designated by President Wilson, and has been nationally observed since that date.

"The service rendered to us by by the American Mothers is the greatest source of the country's strength."

"God could not be everywhere, and therefore He made mothers."
